

CANSORB®-P Pressure Vessels

Modular Activated Carbon Liquid Adsorbers

The CANSORB P Series Modular Adsorbers are capable of operations where full backwash is required, including applications for backwashing activated carbon. The wide variety of vessels can handle various flow rates and are ideal for any size applications.

These units are fabricated of pressure vessel quality carbon steel and include a high solids epoxy lining. However, a different lining can be substituted for the high solids epoxy.

The liquid collection system is designed to promote even flow distribution and efficient adsorbent utilization. Manways are 18" x 14" elliptical located on top of the tank for easy access.

CANSORB P Adsorber Pressure Loss vs Flow Rate
TIGG 12x40 Mesh Media

Product Features

- Capable of operations where full backwash is required
- Wide variety of vessels can handle various flow rates
- Ideal for any size municipality
- Fabricated of pressure vessel quality carbon steel
- High solids epoxy lining
- Inlet distributor and underdrain that provide an even plug flow

Modular Activated Carbon Liquid Phase Adsorber Drums				
Model #	Max Flow (GPM)	Max Pressure (PSIG)	Max Temp (°F)	Max Adsorb Fill
C-5	5	10	130	110
C-5 OH	5	6	130	110
C-5 Special	15	15	130	200
C-15 TX	15	15	130	200
C-15 OH	15	10	130	200

What's Your Unique Water Question?

For just about any water problem, Newterra has you covered. Our temporary ownership and rental solutions can save precious capital while solving a critical need. Newterra offers flexible terms and conditions to suit any customer.

Certified NSF/ANSI/CAN61 & 372 is a set of standards relating to water treatment, sets health effects criteria for many water system components. It establishes stringent requirements for the control of equipment that encounters either potable water or products that support the production of potable water.

“With Newterra, it’s more than a service; it’s a partnership... minimizing media consumption and maximizing efficiency.”

From Source to Solution – Choose Newterra

Your trusted partner for comprehensive environmental solutions

With technology brands whose histories expand back for more than 150 years, Newterra has steadily grown from its roots to become a global solutions provider in water and wastewater treatment. Our journey is a testament to our deep understanding of the multifaceted challenges across various markets and applications.

Our “One Newterra” ethos is a commitment to providing a comprehensive array of technical solutions, ensuring we address the full spectrum of our clients’ needs. This dedication extends beyond technology, as we nurture enduring partnerships with our clients, standing by them throughout every phase of their challenges. At the heart of Newterra is our unwavering commitment to sustainability.

Our people, our technologies and our practices contribute meaningfully to a sustainable and brighter future.
